# About Us

At ParkIt, we are passionate about revolutionizing the way people experience parking and transportation. Founded during the early-covid period by a group of young entrepreneurs, our next-generation smart technology company is committed to creating innovative solutions that simplify and enhance the parking ecosystem for commercial and residential properties.

Our vision is to transform the parking and transportation landscape, making it more sustainable, efficient, and user-friendly. We strive to deliver innovative solutions that simplify the everyday lives of individuals and improve the overall well-being of communities.

SMART PAY & PARK

**SOLUTION**

*(FOR MALLS / PUBLIC PAY & PARK)*

## Vehicle Recognition

Our ANPR Cameras captures license plate. Our RFID readers reads FASTAG on the vehicle.

## Blacklisted / Whitelisted

Identification of Fastag being Whitelist or Blacklist. Allows the supervisor make a Fastag whitelisted with due reasons.

## Vehicle Entrance

Vehicle enters the mall or pay and park to park their vehicles.

## Vehicle Registration

The vehicle is checked in. Entry timestamp is printed on the receipt as proof of parking with vehicle number, entrance time and corresponding details.

## Vehicle Exit

Exit time of the vehicle is captured and appended to corresponding details. Charges are auto calculated on basis of their duration.

## Monthly / Fleet

Provides pass for monthly pre-paid users, show their validity, and permits entry. Fleet vehicle like Ola, Uber get entrance as per available reserved spaces.

## Security Dashboard

Security personnel can find vehicle details and space availability, collect payment as Fastag/Cash/Card/UPI.
